

eDOC BUILDER™

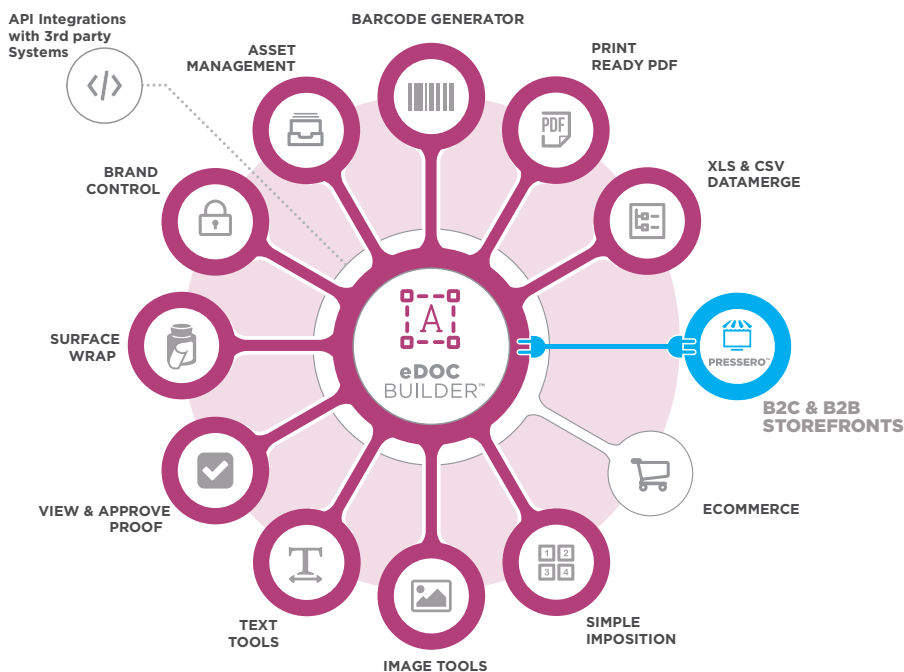

ONLINE DESIGN, PERSONALIZATION + VDP

Included with Aleyant Pressero™, integrated into other e-commerce storefronts

The cloud-based **Aleyant eDocBuilder™** is a powerful, **online designer, document personalization and variable data publishing system**. Included with Aleyant Pressero™, it is also offered separately on a **SaaS (hosted)** basis for integration into your own e-commerce storefront, third-party web-to-print, or MIS solutions.

Aleyant eDocBuilder™ is an **interactive designer** for creating, proofing and approving print-ready files. **eDocBuilder** features **advanced typography control, imposition, scripting support, PDF workflows, rapid template creation, Excel merge capabilities** and more.
